Note About

Google Cloud helps customers build for the future, improve productivity, reduce costs, and unlock new growth engines. We continually innovate and build new products and features to help our users, partners, customers, and communities and have invested more than \$200 billion in research and development in the last five years in support of these efforts.

primarily include revenues from Google Play sales of apps and in-app purchases; and

?

primarily include sales of the Pixel family of devices.
